

Yellow Fever

North America's #1 Name in
High-Pressure Cleaning Equipment

Concentrated Biodegradable
Detergent for Pressure Washers

Specialty Detergent

Special Features:

Yellow Fever is a powerful acidic cleaner and aluminum brightener to clean and restore stained aluminum surfaces, without dulling bright aluminum finishes. Yellow Fever is effective in removing diesel smoke, grease, carbon, oils and resins. Removes hard-water scale. Effective in removing mineral efflorescence from brick, masonry and concrete. AVOID CONTACT WITH GLASS OR ANODIZED ALUMINUM.

YELLOW FEVER Specifications

Formulation: Yellow Fever is a powerful, easy-to-apply acidic cleaner and aluminum brightener to clean and restore stained aluminum surfaces without dulling bright aluminum finishes. Yellow Fever is effective in removing diesel smoke, grease, carbon, oils and resins. Removes hard water scale. Yellow Fever is also effective in removing mineral efflorescence from brick, masonry and concrete. **AVOID CONTACT WITH GLASS OR ANODIZED ALUMINUM** as some dulling can occur on prolonged contact. Formulated with Citric and Phosphoric Acids and Ammonium Bifluoride for safer, effective cleaning of bright aluminum surfaces.

% of Active Ingredients: 11.2%

Biodegradability: Yellow Fever is fully biodegradable and contains no Hydrofluoric Acid.

pH at 5% Solution: 2.5

Foaming Action: Low

Dilution Ratio: 25:1 to 15:1

Color: Yellow

Scent: Sharp

Product Analysis: Kosher Approved.

Product Safety: An OSHA/WHMIS Material Safety Data Sheet is available. Read and follow all safety instructions on the label and MSDS before using.

Caution: Wear protective gear as specified on the label and MSDS.

Smog & Ozone: In accordance with AQMD Rule 102, Yellow Fever contains 0% photochemically reactive ingredients that can contribute to smog or attack the earth's ozone layer.
